

## MILLENNIUM CHALLENGE ACCOUNT - MALAWI II

### FINAL PROCUREMENT NOTICE (MEDIA ADVERTISEMENT)

The United States of America, through the Millennium Challenge Corporation (MCC) and the Government of the Republic of Malawi (the “Government”), signed a Compact Agreement on September 28, 2022, in the amount of US\$350 million to support the implementation of two projects: The Accelerated Growth Project, and The Increased Land Productivity Project.

In January 2025, the Government of the United States of America directed that all US Government funding for foreign projects be suspended pending review. At the end of the review period, MCC advised that the Compact for Malawi would be terminated **30 days from 19th November, 2025**.

MCA Malawi II, through this public announcement, communicates to all contractors, suppliers, and consultants that MCA Malawi II will not receive deliverables derived from contracts financed by MCC after 18th December 2025, being the Compact End Date, unless the specific contract stipulates a subsequent date. Any deliverable received after this date will be declared ineligible for the corresponding payment.

MCA Malawi II takes this opportunity to thank all stakeholders for their contributions to the Programme.

For any further clarification, please send the queries in writing to the following address:
